SYEDA SHEREEN ZEHRA

BS-AI STUDENT

PROFILE

Ambitious BS Artificial Intelligence student with hands-on experience in web development and core AI concepts. Currently building foundational machine learning skills while contributing to a tech fellowship and a machine learning internship. Skilled in building project-based applications and working in remote, collaborative team environments. Motivated to take initiative, lead projects, and grow in the field of Artificial Intelligence.

WORK EXPERIENCE

Hayder AI Solutions — Remote

Machine Learning Intern | June 2026 – Present

- Recently joined as a Machine Learning Intern, currently building foundational knowledge in machine learning concepts and tools through structured, hands-on learning.
- Collaborating remotely with the team while developing practical ML skills alongside academic coursework.

AuratTech — Remote

Tech Fellow, Tech Fellowship | June 2026 – Present

- Selected for AuratTech's Tech Fellowship, a structured cohort-based program combining mentorship, training sessions, and collaborative projects in technology.
- Participating in fellowship orientation and ongoing programme activities focused on building industry-ready technical skills.

Furson Studio —

Web Development Intern | July 2025 – August 2025

- Designed and developed a custom Author Profile Page with editable fields, theme switcher, profile image upload, and dynamic link management.
- Built a responsive Landing Page with a clean layout, mobile-first design, and user-friendly navigation.
- Created a Detail Page for The Devil Wears Prada featuring comprehensive book and movie information, parental guidance notes, curated insights, and theme-switching functionality.
- Contributed to UI/UX enhancements by applying modern web design practices to deliver a professional and engaging user experience.

EDUCATION

2024 – Current

Pak Austria Fachhochschule – Institute of Applied Sciences and Technology
Bachelor of Artificial Intelligence

2022 – 2024

Kips College, Wah Cantt
